This artist's conception of the future nuclear aircraft, made in Hawthorne, Calif., is the important role to be played by capsules, at left, containing complete reactor power plants. One is shown being removed from the plane for replacement by another. Scientists say the replacing method is required because of a

build-up of contaminating "clickers" in the reactor after long flights. Crew's quarters are at plane's upper right, forming a portion of the tail section. These could be easily detached in the event of an emergency and then glide to a landing.

Mrs. McCarty Opens Gala Spring Tea

The Women of the Moose held their spring tea and in spite of poor weather a large crowd attended.

The tables were decorated with spring flowers and quiet spring music was played by co-worker Eileen O'Leary.

At 2:30 in the afternoon Mrs. Reginald Marguerite Graham introduced Mrs. McCarty, president of the Moose in the hall of the hospital.

Junior Graduate Reginald Mary Cragg with Chaplain Stella McNeill received the guests at the door with co-worker Isabelle Allan acting as hostess to escort them to the tables.

College of Regina, Lena Burnier and Graduate Reginald Anna Gosselin poured tea with Junior Reginald Minnie English and Marguerite Graham in charge of the tea table.

A delicious salad plate with Rye and Meat bread and an assortment of cookies with a cup of tea was served by the co-workers wearing bright spring dresses and new bows.

This was prepared in the kitchen by Graduate Reginald Anna Gosselin and her helpers.

A number of home-baking was sold in another part of the hall with Mary Hill and assistants in charge of the table.

Tickets sold on a delicious lunch table, with the draw being made by Mrs. Carl Frost. The ham going to Pay Bell, one of the Chapter's best.

Recorder Pay Bell in charge of the proceeds at the door reported a very successful afternoon.

Supper Enjoyed at Zion Church

Zion-Parkton (P.N.S.) — The annual St. Patrick's supper held at Zion United Church, Parkton, was a delicious success.

A large crowd enjoyed the supper of hot meat, pie, potatoes, and appetizer and other good things.

After supper Rev. Mr. Little on chairman called the large crowd to order and a splendid program of drill, songs, dialogues, monologues and pictures by Miss Allan.

Lottery of chamber was given. All the items were sold very much.

Mrs. M. R. Hume as President of the W. M. B. held a banner the same evening which was also very successful.

Total proceeds of the evening was about \$153.

Mr. and Mrs. Harold Rutledge of Toronto, Mr. and Mrs. Bill Krensen of Lindsay and Mr. Edwin Gosselin of Wilberforce all were visitors of Mr. and Mrs. Ruth Rutledge over the weekend.

The community held another dinner in the passing of Mr. and Mrs. Rutledge over the weekend. Mr. Rutledge passed away in Rose Mount Hospital. The many friends of the family offer their sympathy.

Mrs. Ruth Rutledge, only surviving son, Mrs. A. Luff held a very successful tea at the home of Mrs. Kerr on Wednesday afternoon. Proceeds of the tea will benefit the local L.O.R.A.

A large group of boys between the homes of Harvey Bradmore and Jack McLeod required a number of men to bring in under control, on Sunday afternoon. The fire is believed to have started from children's play with matches.

Miss Joella Angers was a wedding visitor in Toronto.

Mr. and Mrs. Gordon Lake and children of Peabody were Sunday visitors of Mr. and Mrs. A. Luff. Ruppert enjoyed stay.

Scout Group Meet In Onemee School

A meeting of the newly-organized Scout Group (Lafayette Auxiliary) was held in Onemee High School, with President J. R. P. Johnson in chair and a total attendance of sixteen.

Membership fees for the Auxiliary were set at fifty cents per year, and it was decided to have a silver collection at each meeting.

The meeting will be held in the High School on the second Tuesday of each month.

Various means of raising money were discussed and it was decided that each member would attempt to raise one dollar for the treasury.

Mr. R. A. Correll, leader of the Onemee Club Pack, was asked to represent to the ladies' ways in which they could help the Scout Committee, and he suggested that they might provide white scarves for Tenderloids, gold scarves for Cubs, signaling flags, first aid equipment, etc.

Mrs. J. MacEachern was appointed as Secretary of the Scout Committee, and Mrs. Blanche Carstairs was appointed to do the buying for the Committee.

In view of the fact that the Cub and Scout are to be dinner guests of the Onemee Little Club in April, plans for a Pinner and Bon Voyage were postponed and instead the Auxiliary decided to plan a winter feast or similar type evening for the boys at their dining in June.

Federation Plans Varied Activities, Discusses Work

The regular meeting of the Victoria County Federation of Agriculture was held in the Department of Agriculture Office with Mr. M. Hutchinson presiding.

The President, reported that, Mr. J. Thompson, and Mr. R. White, attended meetings of the Province and Municipal Township Councils in the afternoon of April 1st. The activities of the Federation affiliated organizations, commodity groups, fieldmen and finance were discussed with the Councils. The President stated that they were well received, questions were asked and he felt that such visits were very important and that the other Townships would be visited in the future.

The rate per mile for driving on Federal highways was discussed. A motion was carried that mileage be paid at the rate of eight cents per mile.

Plans were made for an open meeting being held in conjunction with the President's Junior Panegyric in the Victoria Collegiate Auditorium, Thursday night, Mr. Jim Jackson, fieldman for the Ontario Federation of Agriculture is guest speaker. Mr. Jackson has done excellent work in his home County since Agricultural Organization, and his message is anticipated. Lunch will be served. All interested are invited to attend.

The meetings and social committee, under the chairmanship of D. McKay, were authorized to consider date, place and other matters in connection with the annual picnic to be held early in June.

The publicity committee selected Mrs. MacMurray as the chairperson. The annual Farm Forum Banquet for the County of Victoria was announced and is to be held in the Belleville Community Hall on Friday night.

The finance available to a great degree determine the extent of the work which can be accomplished by any organization. At a recent executive meeting of the County Federation it was discussed as to the advisability of continuing around the Co-operative to farmers in the County. The question raised was, would it be more advantageous to spend the money in extension work in the County? It was decided in favour of the Co-operative—such activities will be continued for another year.

Montreal, April 10-BUP.—The Montreal Canadiens, favored by two clutch playoff games in their own forum, say ready to move into Boston tomorrow in defense of their Stanley Cup title with a 2-0 lead over the Bruins.

The Double Canadiens came up with "an old-time playoff game" last night to end the Bruins' 1-0 in the second game following a spectacular wide-open first game in which Maurice "Rocket" Richard scored four goals.

But and Montreal Coach, Toe Blake, "we will have to show more offensive strength if we hope to win in Boston." "We were weak offensively, especially in the second period after Redmond center Jean Beliveau scored."

"That was really a playoff game," said Blake, "but we were not ready. I think maybe they the Canadiens started protesting that, and our line was kind of sore, but I was still the best defensive team we have played."

Grandson, 13, Wins New Car, No Can Drive

Mr. and Mrs. Percy Skivich of Lindsay are very happy for the nine months which befell their third son, Ouscar, grandson Mr. Skivich, when "The Post" a copy of the newspaper giving Timmy in his appearance a picture of his grandson and attached to which was this description: "Little Anne Skivich has every reason for being a little bit braver, braver, 13. He held the winning ticket on a 1957 Chevrolet in the Lindsay's Grandchildren's car draw on Tuesday, April 2." Bryan is the son of Mr. and Mrs. Harold P. Skivich.

Only his feature about Bryan's good fortune is that he was young to obtain a license.

CONSIDER TENDERS

"Tenders for a chassis for the
Town Street Flusher are being con-
sidered."

SIDEWALK REPAIRS

Sidewalk, which citizens have re-
ported being repaved will receive con-
sideration of Council. Of issue a
portion of that on Viny Road and
on Myer Street should be looked
into. Regarding the block on Col-
1 horse St. E. between Caroline and
St. Paul streets, the property own-
ers will have to sign a petition. The
property owners pay \$6 per cent
and the town 40 per cent of a new
construction such as is needed at
this point.

TO USE READY-MIX

Two Engineers Timberlake spoke
in favor of ready-mix concrete "no
account of not so much its quality
is no convenience," he said.
said in reply to a question from
Mayor Hick that it might be a
little more costly, but would save
labor.

ANNEXATION

A survey by a committee of the
Mayor, Messrs. Lighthbody, Joe Mur-
phy, Dr. Holman, and Mr. Tanguay,
later, to consider what might be
probable annexation, will be made
in place on new water service.
There is nothing concrete de-
cided as to what areas might be an-
nexed. It was revealed. It was de-
cided to see if there were any areas
which already have been developed
by service now.

ADVOCATE BRIDGE

An all-purpose bridge was advo-
cated to cross the Rouge River to
serve as an action of the town
south of King St. and east of the
river.

CHARGES RETURNED INSTALLED FAULTY

Mr. Palmer stated that there was
much faulty installation in connec-
tion with oil burners, new and old,
to Town. This he said, was dan-
gerous and suggested it called for
being true to the attention of the
Department concerned.

PEARL PRINGLE

Mrs. George E. Pringle passed at her home in Lindsay Township on Saturday, March 23rd, 1953. She was born in Lindsay, Ontario, and was the wife of the late George E. Pringle of Lindsay, who predeceased her two years and nine months previous.

Surviving are one only son, Merle of Donah, one brother, Harold Hill of Lindsay, two sisters, Mrs. C. E. Peterson and Violet; Mrs. Peter Wagstaff, both of Lindsay; also three grandchildren, Robert, Jannie and Gary Pringle of Donah.

The impressive funeral service in charge of the Rev. Mr. MacIntyre of Lindsay, will be held in the Lindsay United Church on Monday, March 23rd.

Interment was made in Lindsay Cemetery. The family floral tributes marked the sympathy of friends and relatives.

Funeral expenses were: Cecil Harrison, Miss Emmerson, James Minkler, Harvey Munster, Ralph Pasquino and Tom Pasquino.

Friends and relatives from a distance attending the funeral were: Lindsay, Barham, Beverton, Elton, Lindsay and Lindsay Falls.

Cancer is not contagious. It can appear at any age, but is most common with older people.

Here is a view of the Israeli port of Eilat at the head of the Gulf of Aqaba, which Israel is developing as an outlet to the Red Sea. The port is being built in order to demarcate the Israeli-annexed dumps and territories now in Jordan, following acquisition of the British mandate of the Gulf of Aqaba and the Red Sea from Great Britain. Both Egypt and Saudi Arabia claim the waters of the Gulf of Aqaba are their territorial waters and have imposed a law they are close to final signing.

I have been wondering why Mr. Lindsay has been mentioned in letters published when he should be taking credit for the editorial position he occupies in the paper which looks to government (and who have endorsed the "Post") as a leader.

A Diverse Opinion

London, Ontario,
April 4, 1937.

The Editor,
London Daily Post, 709 N. St.

The rights mentioned in the editorial of April 3rd were very easily the result of the Mayor's action upon the people, methods and causes involved in this community's efforts to have a better hospital and a better city.

Easter Seal Campaign Has Realistic Attitude

"The Easter Seal Campaign is progressing favorably and stood at \$181,400 at 5 p.m. on Friday evening," Mr. J. Gaudreau reports.

"Of course the goal is higher this year in connection with that of the Ontario Society which stood at a goal of \$700,000 as compared to some \$500,000 collected last year," he said.

"The Society as a whole and its different divisions are taking a more realistic attitude as the requirements of the crippled child are growing," explained. "Take for example, the

Lindsay Geologist Heads Up Knob Lake Research

Lindsay is represented in the extensive iron ore mine operations which are steadily going ahead in Labrador.

Mr. Harold Neal, son of Dr. and Mrs. Neal, of Lindsay, is geologist in charge of research at Knob Lake, the recent work most notably mining development of Canadian Jarvis operations in Labrador.

Last year it is reported Canadian Jarvis produced over 12 million tons of iron ore, the largest of the iron ore company of Canada to 1936 is 18 million tons.

The Lindsay geologist has figured in the recent findings of iron deposits and has been associated with Canadian Jarvis and its extensive operations since 1931.

With base operations at Seven Islands on the St. Lawrence, supplies were at first from the boreholes, rugged primitive nature, but now bringing supplies to Seven Islands by ship, a railroad has been built, which pushed the early development.

Charge Soviet Officials May Be Found Fighters "Against God"

Charging that Soviet officials have been refused and treated of being allowed to register their clandestine organization they have been refused of protest from officials of the White Tower Blue and White Society, local governing body of Jehovah's Witnesses, has been given in Premier William A. Bennett of the U.S.S.R.

Charlie Peacock, presiding minister of the Lindsay congregation of Jehovah's Witnesses, in denouncing the coming of the lot, cited the wholesale arrests and mass deportations of Jehovah's Witnesses to serve labor camps in Siberia. "For many years now," Mr. Peacock quoted the letter to invite "Jehovah's Witnesses within the Soviet Union have endured great difficulties and persecutions. They have constitutional committees" and delegations from among their ministers for the purpose of registering their religious organization according to the constitution in force, but on each occasion they

PROGRESS REPORT BY TCA

TCA's equipment plans for the jet age are now complete. In the new era of air travel abroad, TCA will be the first inter-continental airline in the world to operate an all-jet fleet. A very important part in this development will be played by 30 Vickers Vanguard, to be in service by 1961.

The Vanguard, luxurious newcomer to Canadian skies, will be big...

carrying 102 passengers in spacious comfort. Its high cruising speed of 420 miles an hour will cut flying times on inter-city routes across Canada, to the United States, and to Bermuda, Nassau and the Caribbean. Yet for all the power of its four Rolls-Royce Turboprop engines, flying in the Vanguard will be quiet... smooth... almost vibration-free!

A design innovation of the aircraft is its "double bubble" fuselage: the cargo holds in the lower section will carry a 10 ton payload, and contribute to economical operation. The Vanguard will be a major factor in the TCA plan to bring the speed and comfort of air transportation to a still wider public.

"MOM" WHYTE FACES CRITICISM

—Central Press Canadian

In spite of serious criticism of her home which houses as many as 125 children, Mrs. Bertha "Mom" Whyte says she will continue to accept children that are left with her. Mrs. Whyte, whose farm house at Howmanville, Ont., has become known throughout Canada, and who would open a home for children in India or Japan if the Ontario government insists that she maintain higher standards for the children. A public health official, Stuart Ryan, reported the premises are overcrowded and the danger of the spread of communicable disease was very great. His reports stated: "A serious fire would probably cost the lives of all children inmates in the main house." Recently six of her helpers, all voluntary workers, have left her staff. Above, she holds Ruth and Joe, two of her foster-children.

Rummage Sale Success Reported By C.W.L.

The April meeting of the Ontario Women's League held recently in the children's room of St. Mary's Hall, Lindsay, opening with the Lenten Prayer in unison.

Mrs. Frank Kibicki, secretary, read the minutes of the March meeting which were approved as read. Mrs. John Crowley read the Treasurer's report. Several "Thank You" letters were read, including one from Miss Patricia Rogers, thanking the C. W. L. for the awards they presented to pupils of St. Joseph's Academy.

Mrs. B. McDonough reported a membership of 400 also 20 honorary members.

Mrs. Frank Station did not present a detailed report of the money raised by various means during the year, which was very gratifying. The Rummage Sale under the sponsorship of Mrs. J. Connick and Mrs. P. Cronin was a splendid success despite the fact the weather was very unfavorable. The proceeds for the sale were \$182.31. Mrs. Connick was present at the meeting and thanked all who donated articles

for the sale or helped in any way to make it such a success. There were several visits made to members who are ill and a wheel chair was obtained from the Red Cross for a member who is just home from the hospital.

Rummage sale, Mrs. Jean Powers reported the Rummage sale had been a success. The proceeds of the sale were \$182.31. Mrs. Connick was present at the meeting and thanked all who donated articles

The President, Mrs. Harry O'Connell read a very interesting article from the League magazine and asked members who are contacted to our office in the coming election to give it careful consideration as it is an honor to be nominated to fill these offices.

It was moved by Mrs. A. Lacey and seconded by Mrs. L. Hansen that we give a cash donation to the Canadian Cancer Society.

Plans were discussed for our annual meeting and election of officers which will be held the 1st of April. The meeting closed with prayer by Rev. G. J. Carroll.

Supper and Concert Plans Of W.M.S.

Little Britain (P.M.) — The April meeting of the W. M. S. was held in the United Church Sunday School room with twenty members present. The meeting opened with the hymn "Jesus Keep me near, the Cross" being sung by the members of St. John's. G. J. Carroll presided at the piano. Mrs. L. Hostile then read the scripture and gave a short discourse on "Sufferings of our Lord before His

Death on the Cross" which was followed by prayer.

The minutes as read by Mrs. Mary Avery were approved. Mrs. George L. Lumsden's report was adopted. A letter of thanks was read by Mrs. Percy Proudfoot. A communication from the Presbyterian Supply Society giving us information regarding the sale was read by Mrs. Wm. Vincent. Mrs. J. H. Hill read an article on "The Requisition of a Woman Visitor of the Church."

A donation will be sent to the Supply Secretary to aid the Ship-

ping fund. As many members as possible were urged to attend the bazaar held on April 12th. Final arrangements were discussed for the Easter Supper and Concert which will be held on Easter Monday evening. It was decided to include two short films "Stars of the Philippines" and "The Requisition of the Church" in the program as well as various numbers which will be given by the G.O.I.P. and Mission Band groups.

Mrs. Everett Mare and her group of Miss Zella Watson, Mrs. E. Miller, Mrs. Roy Cherry and Mrs. Barrow had charge of the Easter Workshop service. Mrs. W. Sloan led in prayer. Miss Mary Lumsden her group for their very capable assistance. Mrs. Mare's group also served a delicious lunch and a social hour brought the meeting to a close.

Delta Marsh, Manitoba Crossroads of Duck World

At Manitoba's Delta waterfowl research station a scientist studies the "impressionability" of day-old ducklings.

These babies believe him to be their mother and follow him everywhere he goes.

Crossroads of the duck world, Delta Marsh, stretching for 10 miles at the foot of Lake Manitoba is the site of one of the world's foremost waterfowl research stations. Captive flocks are studied under natural conditions by

scientists and students who come from all parts of Canada, the U.S., England and New Zealand to study with the small permanent staff of biologists. Nested cornucopia decoys ducks to slatted trap at narrow end.

Special studies of wild geese are made from behind portable "blinds" set up in the marsh. The theory is that ducks cannot count, if one person leaves the "blind" they think all have left and carry on unselfconsciously.

Quick-drying paint is daubed on the wings of a mallard drake so that he can be easily recognized in flight for study purposes. The paint does not interfere with flight and is lost during the next moult.

A biologist feeds a nest in the marsh and "candles" an egg to discover how advanced the incubation is. Only the research station itself and the little village of Delta are bird sanctuaries.

Mallard nests of dried reeds prove effective in encouraging ducks to nest at specific spots in the marsh. The station also attracts many famous bird artists.

Election of Officers Features Meeting

Bethany (1968) — The Bethany Women's Institute was entertained at the home of Mrs. Jari Weatherly when thirty-seven members paid their dues for the coming year and answered the roll call with these as "The Duty of a Good Citizen." Presiding, suggestions were "Use Your Right to Vote," "Build our Citizenship," "Be a Good Neighbor," "Do Unto Others As You Would Be Done By." The secretary, Mrs. Helen Preston gave a good report of the year's

work. Last year there were 24 members, with no average attendance of 20. Sunshine songs and cards were given sent to all members who were old and flower girls in cases of bereavement. The W. I. had conducted a successful Girls 4-11 Club and are working actively to promote the Bethany Fire-Fighters' organization. Plans had been given to the school children for Art Projects.

Mrs. B. W. Price, treasurer gave the financial accounts in detail, with a balance on hand of \$183.31. Mrs. Preston read the Auditors' report.

The President, Mrs. T. Jennings thanked all committees and members for their contributions. The members of the Standing Committee, who had arranged such interesting programs, through the year, the reading of the 4-11 Club also the local churchmen who had allowed a ten percent discount on all purchases throughout the year.

Reports were also read from the program committees: Mrs. Addison Smith, Citizenship and Education; Mrs. W. Pluney, Home Economics and Health; Mrs. Rupert Wood, Agriculture and Canadian Industries; Mrs. Ray Davidson, Historical Research and Current Events; Mrs. M. Wright, Community Activities and Public Relations, each giving the highlights of the year's program which will be forwarded to the Bethany Couriers.

A letter of thanks was received and read from the Veterans' Women's Association for the best of wishes.

Prizes for perfect attendance throughout the year were to Mrs. Clara Armstrong, Mrs. M. Pluney, Mrs. T. Jennings, Mrs. J. Ryan and Mrs. Ralph Preston.

Mrs. Emily Smith, District Director reported extending the District Executive meeting at which plans were made for Bethany District Annual meeting to be held at Campbellton on May 28th.

Mrs. Ray, Chair, presiding for the election of officers, with the following results: President, Mrs. Thomas

Jennings, first vice-president, Mrs. Henry Ryan, second vice-president, Mrs. Rupert Wood; Secretary-Treasurer, Mrs. Ralph Preston, with Mrs. P. Hilda as assistant. District Director, Mrs. Emily Smith with Mrs. M. Wright as alternate. Branch Directors, Mrs. Clara Armstrong, Mrs. T. Jackson, Mrs. Rose Carr, Auditors, Mrs. M. Wright and Mrs. John White; Sunshine Organization, Mrs. W. V. Price, Mrs. Ruth Weatherly; Girls' Convener, Mrs. Clara Armstrong; 4-11 Club Leader, Mrs. M. Pluney; with Mrs. R. Preston and Mrs. A. Scott, alternate.

Program Committees were also announced: Group One, Agriculture and Canadian Industries, Mrs. Helen Weatherly; Group Two, Historical Research and Current Events, Mrs. Ray Davidson; Group Three, Home Economics and Health, Mrs. M. Pluney; Group Four, Citizenship and Education, Mrs. Addison Smith; Group Five, Community Activities and Public Relations, Mrs. B. Davidson; Group and Mrs. M. Wright.

Articles made from discarded items were on display and showing the importance of the importance in remodeling them into useful, children's clothes, and adult, pot holders, lunchbox, etc.

Mrs. Ralph Preston explained the evening's motto "Don't Waste This Year in Last Year's Bust" everyone has used the expression "The Grout" but if we stay in the same groove for too long a time it becomes a rut. Road ruts are rough, they don't follow a straight path. They throw you from side to side and worst of all, once you are in them, it is almost impossible to climb out. Let us have no ruts in our Institute work. We can change anything that has been done. You cannot save yourself because it has already been saved. It is the same with the past. You are merely saving yourself when you worry over what is done. What we must do is make a fresh start and try to do better. April is the beginning of a new year for every Institute branch. It is a good time for beginning for it is spring and the beginning of all growing things. Every woman in busy housekeeping at home and throwing out things that are too small, too battered, out of style or worn out. In our Institute we may need to houseclean and make a fresh start. Let us not walk this year in last year's rut.

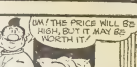

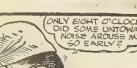

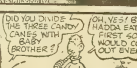

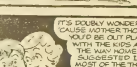

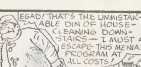

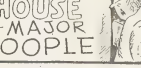

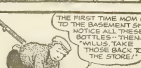

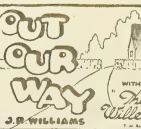

Mrs. Addison Smith, leader of Group Five conducted an Evaluation Survey of radio and television programs with members using their favorite programs, and commented on them.

The meeting closed with the singing of the National Anthem at the Institute Grange, after which lunch was served by the Hostess assisted by Mrs. R. Preston, Mrs. A. Scott, Mrs. E. Smith and Mrs. E. Lane.

The lucky luncheon prize was won by Mrs. N. W. Price.

Mrs. Thomas Jennings, expressed the thanks of the members to Mrs. Weatherly for the use of her home.

EXPANSION

In recent years, the Canadian steel industry has expanded more rapidly than the steel industry of any other major nation.

Between 1946 and the end of 1956, the increase in capacity in Canada was 42 per cent, or about 2,140,000 tons.

Steele is the largest Canadian producer, and in the same period invested \$196,000,000 in new plant and new material sources.

Skipper Prepared to Fight in Gulf of Aqaba

The Israeli-owned motorship Adir, above, is shown just before sailing from Haifa on the first leg of a three-month journey to southern Israel's port of Be'er Sheva via the Cape of Good Hope route. The vessel will be the first Israeli freighter to attempt to pass the islands of Tiran and Sinaï into the Aqaba Gulf since the Sinai side of the United Nations' control. Captain Yair Breker of the Adir, right, is prepared to exchange shellfire as he enters the gulf.

Antarctic Finery

ANTARCTIC FINERY

—Central Press Service
It's not likely that his wife or he will be able to identify this U.S. navy man as he appears in the spring finery with the navy's Task Force 41 in the Antarctic. The costume may seem a bit out on the macabre side, but it is essential for protection from the elements, while waiting space for smoking a pipe.

TEXAS ASKED FOR, AND RECEIVED, LOTS OF MOISTURE

A few weeks ago, Texas was complaining of lack of rain and snow. First they got their rain in quantities big enough for Texas. Then came rain. And now, to complete the cycle, there are floods, which, as shown here, are making the situation worse. The floods, however may solve for this season the lack of moisture reservoir in the sub-soil. This photo was taken near Waco.

Estimated 40 Merchants Would Leave Wednesday Policy As It Stands

"You can't go jumping around with store hours" — Hannon

Store hours, with minor exceptions, are expected to remain about the same in the Victoria area for the foreseeable future.

At a meeting of the Merchants' Division of the Lindsay Chamber of Commerce last night a majority of the estimated 40 merchants present decided to leave Wednesday policy as it stands.

People are accustomed to a decision taken place on the subject of closing or opening on Wednesday. The consensus of opinion voiced on this matter was to the effect that "no change be made."

Some consideration was given to the idea of being closed all day Monday but this duty was to be left to the merchants.

Dulles Warns Atomic Threats Mean Little

Dulles State Secretary John Foster Dulles has warned Russia that the atomic threat against the west is just whistling in the wind. "We can, I think," said Dulles, "be confident that such threats, as usual, will not disintegrate the free world. Collective measures are here to stay."

The secretary's speech to a New York luncheon on Associated Press annual meeting, was carried by radio and television. The White House said it is a major foreign policy speech—the secretary's first since last October.—DUP

Frogs Love Songs Irked Her, Calls Cops, Arrive Too Late, Choristers Take To The Mud

The spring is a time for love songs... especially for frogs. But a woman in Brunswick, Maryland, just can't abide the sound of frogs singing of love.

Mrs. Mary Hoffman called the police last night and complained that frogs were—she said—put in "Holler-ing and carrying on" in a pond "outside her bedroom window. A call went out over the police radio to check downriver frogs at 6:12 34th place."

But the squad car arrived too late. The party was over. Police arrived, frogs quiet at this time. Arrive complainant to see major. Many Williams believe the way way to stop the croaking is to drain the pond. But Mr. Hoffman said, "I think there is nothing more than leaving a bunch of frogs to be so sleep by."

But Mrs. Hoffman doesn't think so. She complained last year, too.—BUP

Montreal Medical Scientist Explores "Stress" Selye Gives Medicine New Direction

As a medical student at the University of Prague, Dr. Hans Selye first noticed that early symptoms of many illnesses were identical: loss of energy and appetite, general aches and pains. He pondered this fact for 10 years, then at a research endocrinologist in Canada he went to work to find out why. His discovery that "stress" can cause sickness has given medicine a new direction.

Was there a parallel between the reaction of the rats to the stress of the experiment and the human response to stress? Dr. Selye believed there was and he formulated his now widely-accepted theory of stress show why.

Dr. Selye shows organ changes in rat suffering from "stress": swollen adrenal glands, shrunken thymus, stomach ulcers. In the human body, in countless experiments where at the home of the mind to myriads forms of stress, both physical and emotional, the results were provocatively similar.

Princess' Life One of Boredom?

Lindsay, April 23.—(UPI)—The Lindsay Daily Express today blamed unimpressive court officials for leading Princess Margaret a life of boredom.

The Express said the fact that the gay Princess went to be banded Court Ball perform twice the night indicates she has "time on her hands."

Many of the recent pictures seem to show she is bored, the Express said. Reporter Donald Goody said "I blame the court officials. They advise on the Princess Palace use much of her private life too, and in that public life they are showing a lack of imagination."

The Express drew up the Princess' public program for the next few weeks—Glasgow Girl Guards ceremony, reception, ball, for charity, leaving hospital foundation, altogether eight engagements until May 21—now said.

"What sort of a program is that for a brilliant young woman (how would you like to carry it out)?" There is so much she can do she can never further the horizon of engagements that fall on the queen.

But more than that, Princess Margaret, in the public life stands for the young outlook, millions of girls in their teens and 20s look to her with admiration, look to her as an example.

The Express called for more "rough" trips for the princess. "Most important," she should visit the countries of the commonwealth more frequently.

Death-dealing Cleaning Fluid Denounced Here

The general manager of Walke Ltd., a concerned about a report to the effect that "certain insecticide" had been recommended as a cleaning agent for shops.

The general manager—Mr. L. A. Hanson—has written "The Post" enclosing an article on the dangers of using certain insecticide and has urged that some publicity be given this product locally. Mr. Hanson writes in part: "I understand that a local dealer has suggested the use of certain insecticide to high school students for cleaning shops. He cites an article which republished 'Reader's Digest' December 1956, in which some of the grave hazards of using certain insecticide are set forth. Some extreme nausea and stomach pains, and even death are some of the consequences attributed to the misuse of this chemical."

A chance at the local Agricultural office, in the opinion of Mr. M. Freeman, by Mr. Ivan Bell of St. John's, Ontario may say.

Mr. Freeman, who has advised Mr. L. A. Hanson, local Agricultural representative here for more than 100 years, is entering private business in Lakeside and has already left the Lindsay office. "The Post" is informed.
